## ALL BUT 210 ON TUSCANIA FOUND

### Transport Hit Broadside Turning to Avoid Torpedo

#### TUSCANIA WARNED OF THE DANGER

Signalled by Another Vessel Sight-  
ing U-Boat, "Torpedo Coming,  
Dodge," But Gets Death Blow

SHE SINKS IN 48 MINUTES

Eye Witness Says He Heard Two  
Explosions, Last One Apparent-  
ly From Boiler Bursting

TRANSPORT SENDS SIGNALS

Survivors Say There Were Many  
Casualties Due to Trouble in  
Lowering Life Boats

(By United Press.)

London, Feb. 7.—The Tuscania was warned by another vessel that had spotted the torpedo and was in the act of turning when the missile struck.

An eye witness—a passenger on one of the vessels near the transport declared the captain of his ship saw the torpedo and diverted the course of his steamer successfully.

The Tuscania was signalled "torpedo coming, dodge." The transport started to turn but was caught broadside.

The ship was hit a little astern of midship.

Another eye witness stated that the ship sank within 48 minutes after she was struck.

He said the destroyers and other vessel had surrounded her picking up the survivors from the sea and life boats.

He said that it was Tuesday evening when the Tuscania was struck. He heard two explosions, the latter apparently caused by the bursting of the boiler. He said he saw the ship's lights which previously had been darkened flash on. Then the Tuscania sent up rockets, red flares and then her lights went out.

Survivors arriving at a Scottish port said that trouble in lowering the boats owing to the list of the damaged transport caused a number of casualties.

The mayor of Belfast, Ireland, today wired Ambassador Page that every facility had been provided for the comfort of the survivors of the Tuscania and that Red Cross workers have gone to their aid "backed by unlimited funds."

Forty-five Tuscania survivors landed Wednesday night were picked from open boats in a rough sea.

"Other survivors were landed at ports in Ulster," it was announced.

#### NURSE DIES AT HOSPITAL

Miss Burrows of Greensburg Succumbs This Afternoon

Miss Cecil Burrows of Greensburg died at the Dr. Sexton Hospital this afternoon following an operation for appendicitis. The operation was apparently successful but complications came up later. Miss Burrows has been a nurse at the hospital for several months and had gained a number of friends in this city.

#### Soldiers Lost on The Tuscania Had Insurance—McAdoo.

Washington, Feb. 7.—All American soldiers lost on the torpedoed transport were protected by government insurance, Secretary McAdoo announced today.

How many of the men on the transport had applied for the insurance is not yet known. However, those who had not applied are protected by the automatic provision of the war risk loan which aggregates to each man \$4,300 or \$25 a month for 240 months.

#### Will McGuire Believed to Be Safe in France

Unit to Which he is Attached Not  
Mentioned as Sailing on Tuscania.  
Lieut. McGuire Wrote His Father  
Here Under Date of Jan. 22 on  
Board a Transport.

ON WATER 14 DAYS TUESDAY

Lieutenant Will McGuire, son of Henry P. McGuire of this city, is believed to be the only Rush county boy who may be on the way to France, but since the unit to which he is attached is not mentioned as one of those on board the army transport Tuscania, which was sunk Tuesday off the Irish coast, his father believes that he is safe in France.

Mr. McGuire received a letter dated January 22 and written aboard a transport. If he sailed that day, he would have been on the water fourteen days up to the time the Tuscania was sunk. Lieut. McGuire left camp Jan. 18.

Lieut. McGuire was first attached to the 60th aero squadron, but late in January Mr. McGuire received a letter from his son saying after February 1 he would be in the 427th aero squadron.

#### Details To Be Made Public As Fast As They Arrive, Baker Declares.

Washington, Feb. 7.—"We must and we will win this war," declared Secretary Baker today.

"The sinking of the Tuscania leaves us face to face with the losses of war in their most tremendous phase. They unite us to make more determined our purpose to press on."

"As rapidly as details come in they will be given out in order to relieve anxiety where possible and notice will be sent as soon as possible to those whose sons and brothers have been added to the nation's heroic dead."

\*\*\*\*\*  
Home Guard  
\*\*\*\*\*

The regular drill meeting of the Home Guard will be conducted this evening in the corridors of the court house. The meeting will be called promptly at 7:30.

#### SURVIVORS OF ILL FATED BOAT 2,187

Submarine Toll is 145 United States  
Officers and Men and 65 Other  
Persons

HOSPITAL SHIPS ON SCENE

British Authorities Wire Scotland  
Workers to Afford Troops Every  
Assistance

TO SUPPLY THEM CLOTHING

Tuscania is First American Trans-  
port Carrying Troops to be  
Sunk on Way to Europe

(By United Press.)

Washington, Feb. 7.—Germany's submarine attack on the liner Tuscania netted a toll of 145 United States officers and soldiers—and 65 others.

This is according to official and unofficial reports compiled here from war zone reports. The total missing from survivors of the submarine thrust Tuesday is 210 with 2,187 saved.

Six hundred survivors were landed in Ireland, dispatches this morning announce. The names of 30 survivors landed at Islay, Scotland were also forwarded.

The 600 are believed part of the 1,912 reported landed in last night's dispatches.

The dispatch told of British hospital ships being rushed to the scene of the disaster and of every effort being used.

British authorities have wired instructions to their workers in Scotland and Ireland to afford American troops every possible assistance and to furnish them with clothing requirements.

A message from Admiral Simms at London today said it was believed that the Tuscania was still afloat.

Throughout the night the great government wireless were pressing for details of the disaster.

Until early this morning Secretaries Baker and Daniels remained at their desks directing the work of inquiry.

The 20th engineers aboard the vessel were recruited for pioneer and communication work behind the battle line. The regiment is the largest in the service and the members are drawn from every national guard and national army division.

Names of the survivors began to reach the war department by cable from Belfast early this morning. It was announced that the names will be given out in order to prevent anxiety of relatives.

Although prior to January 1 of the present year there were more than 200,000 American troops in France, according to the statement made by Secretary of War Baker, the Tuscania was the first transport to be torpedoed on the voyage from an American port to France. Several American transports, however, have been torpedoed on the return journey, after having debarked troops.

Although the American transport Antilles was torpedoed and sunk in the war zone while returning from France, and fourteen soldiers and

#### TO PRESENT HONOR ROLL

Epworth League Will Hold "Sammy  
Service" Sunday Night

Judge Will M. Sparks will speak at the "Sammy Service" to be held at the Epworth League at the St. Paul's M. E. church on Sunday evening at 6 o'clock. An honor roll will be presented by the League to the church and all of the features of the meeting will be in honor of the Methodist boys who are "with the colors." Several special musical numbers have been arranged for the meeting.

#### MAKES TOTAL OF 198 READY FOR ARMY

Twenty-One More Men Held For  
Service, Being Passed by Ad-  
visory Board and Dr. Coleman

THREE MEN ARE CLASSIFIED

Names of registrants passed as physically fit by the medical advisory board and physician member of the county board will be found on page 8.

Twenty-one more registrants have been held for service by the county army selection board, making a total of 168 now ready to be inducted into the army. Twelve were reported as physically fit by Dr. W. S. Coleman, physician member of the board, and nine were passed by the advisory board.

Russel Kirkpatrick, who is with Base Hospital No. 32 (The Lilly unit) in France was put in class five by the board today. Harry E. Kennedy, of this city, who could not return his questionnaire until now because he had diphtheria was classified in two. Frank M. Glaub, whose questionnaire was returned for corrections, has been put in class 3. This leave only eight registrants to classify and all of those are thought to be in the service.

#### CARL VANDIVER IS ACQUITTED BY JURY

Found Not Guilty of Involuntary  
Manslaughter in Connection With  
Death of Mary Swinford

JURY IS OUT OVER TWO HOURS

The jury this afternoon, after deliberating over two hours, acquitted Carl Vandiver, Glenwood high school student accused of involuntary manslaughter in connection with the death of Mary Ellen Swinford, age twenty months, June 24, 1917. A machine Vandiver drove ran into Carl Swinford's buggy killing the child.

The evidence was concluded this morning and the final arguments made before the noon adjournment. Vandiver was exonerated by the county coroner last summer and later indicted by the grand jury.

The case of the Barkley-Wonser, Saxon Co., against M. P. Cooper to foreclose a lien, set for trial in court today, was dismissed by the plaintiff and the costs paid. The case of August Sebert against Frank H. Windate on an account, set for trial yesterday, was dismissed by the plaintiff at his costs.

Mrs. John K. Gowdy underwent an operation at the Dr. Sexton Hospital this morning for appendicitis and gall stones.

#### HOLDS UP CHANGE IN FUEL ORDERS

Failure of Coal to Arrive This Week  
Makes it Impossible to Lessen  
Restrictions Yet

TRANSPORTATION HELD UP

Administrator Informed Coal is Not  
Moving Very Fast—City Can  
Hold Out This Week

Unless some coal comes through for Rushville tomorrow or Saturday, restrictions on the opening and closing of local mercantile establishments, ordered by County Fuel Administrator S. L. Trabue because of the shortage of fuel, will not be lessened.

The county fuel administrator had planned to issue an order today making the regulations less strict, but the change in the local fuel situation this week has caused him to hold up the plan.

Not a lump of coal for domestic use has arrived here since last Saturday noon when a car of eastern coal was set off. The day before that seven cars reached here and conditions looked very promising. The fuel administrator decided then to change the opening and closing orders providing coal came through this week all right, but it has not.

Four cars of coal were allotted Rushville for this week by the state fuel administration January 28, but none of them has arrived and there is no assurance that they will. The Rushville situation will not be serious before next week if no more arrives. A car was allotted Manilla at the same time, but it has not come. Manilla is in a more serious condition than any community in the county. The town has had only one car of coal, diverted from Rushville, which carried only 25 tons, since December 18.

The fuel administrator called the state fuel administration this morning by telephone. He was informed that though the weather is more favorable, the railroads are slow in recovering and not much coal is being moved. He was told the mines in the Knox county district were closed because all available cars were loaded and standing on the sidings ready to be moved. Thirteen cars were allotted to the county for delivery next week, but unless transportation improves, they may not come through.

Howard Eubank, has reported to the fuel administrator that practically all of the timber has been cleared off of 25 acres which he offered free for the cutting and hauling. This discloses that an immense amount of wood has been cut and helped materially in relieving the local fuel situation. The cutting of the timber was worth much to Mr. Eubank because he wanted to clear the land. Much timber has been cut on other tracts of land.

Both the Innis-Pearce and Park furniture factories were still closed today for the want of fuel.

The highest temperature of the year, ushered in yesterday, continued today, and continuation of the warm weather is promised. This has helped in easing the fuel situation.

Again the weather man failed on his prediction of "colder weather" and the mercury stayed several degrees above zero last night. The coldest point during the night was 22 above zero which was three degrees warmer than the night before and this morning at eleven o'clock, it had climbed to 35 degrees above zero, making only a variation of 13 degrees in the temperature. There was a heavy fog this morning, the first one for many days.

#### AMERICANS MUST LEARN TO SAVE

"Feed But Not Stuff," Says Capt.  
Dolph Humes in Letter from  
France

IS PLEASED WITH COUNTRY

Impressed With Tragic Soberness  
Lingering Behind the French-  
man's Smiles

"Food demands of the soldiers are enormous and those at home must learn to save and not waste—feed but not stuff," declared Capt. Dolph Humes, son of John Humes of Noble township in a recent letter received by his father. Capt. Humes is a member of the Lilly hospital unit and the letter, the text of which follows, gives an excellent view to the environments surrounding the American soldiers behind the French lines.

"The country here is beautiful," began Capt. Humes enthusiastically. "The roads are fine and are on an average with those in Rush county and although they are narrow, they are built well and are as smooth as a race course. Tall poplars line them everywhere. Farms are carefully tilled and aside from the man power are in the usual state of production."

"We are warm, very well fed, comfortable in most ways and are much better off than we expected to be. Hotel buildings are to our hospitals and you can imagine that one well equipped will make an excellent hospital."

"The war situation has not changed but you, no doubt, are better able to get news from the front more rapidly than we do. We do get the real personal side of it, however and have had many talks with the soldiers who have returned. They are all full of grim determination to put a stop to this Prussian reign of terror. The people neither here nor in Germany want war itself—certainly no sane people wish to sacrifice for the mere sake of it but the people of France will accept nothing but a complete finish of this thing which they did not start."

"My conception of it all, while faintly comprehended before, has broadened wonderfully. I have come to realize something of the spirit which makes splendid soldiers of the men and glorious heroines of their women. There is no sadness, no apparent grief but one is impressed with the tragic soberness behind their smiles as they go about their duty."

"Here too, a little fellow is seen trying to fill his father's shoes—either for a short or for life but nevertheless he is game. The touch of crepe is always to be seen which strengthens one to his or her purpose."

"The men and women in our unit are all well and happy and are rapidly becoming acclimated. The war bread here is 'bully' and we're going to eat it, there is no hardship in that. The place here is a rather famous watering resort, one of the many in France from which we get excellent water."

"We have fine big rooms overlooking a park and no day passes without enjoying some real treat. It is interesting to see house and stable 'close up,' manure piles, the Frenchmen treasurer ever present to the eye but what keeps the land fertile. I love the people. They have all received us kindly and we are going to assist them to push the war to a finalty and a successful one soon, after which we'll come marching home."

# PUBLIC SALE

We, the undersigned, will sell at public sale on the farm known as the Charles M. Norris farm, 2 miles southwest of Orange, and 4 miles northeast of New Salem,

**WEDNESDAY, FEBRUARY 20, 1918**

BEGINNING AT 10:00 O'CLOCK, the following described property:

## 11 Head of Horses 11

Consisting of 1 gray mare coming 7 years old, weighing 1300 lbs., can't be hitched wrong. 1 general purpose sorrel gelding coming 5 years old, weighing 1250 lbs., broke single and double, not afraid of anything. 1 bay mare 15 hands and 3 in. high, a No. 1 road mare that any lady can drive, and a good worker on farm. 1 weanling gray colt by Bert Norris' draft horse out of gray mare mentioned above. 1 brown gelding 12 years old, weighing 1400 lbs., good farm and a No. 1 single line horse. 1 bay gelding weighing 1300 lbs., good work horse, 11 years old. 1 bay mare 13 years old weighing 1150 lbs., good farm and family mare.

## 2 Cows 2

1 Jersey heifer due to drop second calf March 2. 1 Jersey heifer with calf by side.

## 24 Head of Big Type Poland China Hogs 24

Consisting of 1 registered male hog King Expansion 105065; 3 tried brood sows; 12 spring gilts, all bred to King Expansion 105065; eight pigs farrowed Oct. 2, 1917, all eligible to register.

**1000 BUSHELS CORN IN CRIB. SOME BALED OATS & RYE STRAW.**

**FARM IMPLEMENTS**—1 farm wagon, 2 flat beds, 1 hog rack, 1 Studebaker box bed, 1 double disc Syracuse harrow, just used two seasons; 1 Casady gang plow with two sets of steel points, in first class running order; 1 walking Syracuse break plow; 1 National cultivator; 1 single shovel plow; 1 Hoosier corn planter; 2 Hoosier wheat drills; 1 Clipper wheat fan, almost new; 1 Champion mower; 1 cutting box; 2 storm buggies; 1 set of log bolsters and log chains; 4 sets of work harness; 1 set of buggy harness. Many other articles.

There will be Twenty Acres of Corn sold in field on farm adjoining this farm on the south.

**T. S. CRAIG**

JOE PIKE, Auctioneer.

**BARGAINS ARE ALWAYS ADVERTISED**

## Reindeer Special Milk Delivery

**Frank Clements, Owner of Team, Comes to Rescue of Chicago Babies During Snow Blockade**

Following the announcement that thousands of Chicago mothers were bewailing the fact that they had no milk for their infants as a result of the recent blizzards which filled all Chicago streets, making many impassable, "The Reindeer Man" ably played the part of the "Good Samaritan," and delivered milk to many homes and thus provided food for the hungry tots. The reindeer got about with almost as much ease as in normal times.

## HOG PRICES ARE 50 CENT LOWER TODAY

Quotations Decline With Receipts 20,000 Which is Double Yesterday's Run in Indianapolis.

### GRAIN MARKET HOLDS STRONG

**Cash and Carry.**

Quite providentially it happens that the doctrine of carrying home one's groceries promises to attain full growth at a time when capacious and decorative bags are not only fashionable, but almost necessary for housewives. It is evident, says the Spokane Spokesman Review, that there is intention of seeing that the buyer is paid in cash for carrying his own food home. Already dealers are lopping cent sand even nickels off the cost of things not delivered. A cent, for instance, goes thus with every loaf of bread. Cents and nickels grow rapidly to quarters, and quarters will buy war stamps that pay 4 per cent. It behooves us to look closely to such details.

**Mexico Stops Dyes.**

Dyeing material has been coming in considerable volume from Mexico during the past two years. However, the Mexican treasury department has announced a prohibition of the export of aniline and coal tar dyes and natural artificial vegetable dyes. The difficulty caused by the new regulation, will be experienced chiefly by United States cloth manufacturers.

### Getting to Essentials.

"I think we have at last located the blame for the coal situation," began the explanatory statesman.

"I don't care anything about the blame just now," interrupted the ordinary citizen. "Have you located any coal?"

### A Motorist's Impression.

"Do we want to encourage a system which will compel us to wear chains forever?" inquired the agitated citizen. "But what are you going to do in this kind of a climate?" inquired Mr. Chuggins. "We can't go on skidding."

### Unnatural Condition.

"I see in some big manufacturing place army orders for gloves are delayed."

"That's queer. Under any condition gloves should always be on hand."

### Sometimes It Can't Be Done.

"Early to bed and early to rise" is a good old motto.

"Well," replied Grannie Rilem, gloomily. "This daylight saving's all right, of course. But out our way somebody's simply got to stay up all night to tend the furnace."

### Favorites.

"Do you have meatless days at your house?"

"Yes. Of course we have to make exceptions. Everybody goes without meat except Fido and the cook."

### No Deprivation.

"Are you having any 'lightless nights' in Brindleburg?"

"Sure," replied the old resident. "Besides we don't need any lights in this town. We've only got one picture theater and every man, woman and child in the community could find the way to it blindfolded."

## TO DARKEN HAIR APPLY SAGE TEA

**Look Young! Bring Back Its Natural Color, Gloss and Attractiveness.**

Common garden sage brewed into a heavy tea with sulphur added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Just a few applications will prove a revelation if your hair is fading, streaked or gray. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get a bottle of Wyeth's Sage and Sulphur Compound at any drug store all ready for use. This is the old-time recipe improved by the addition of other ingredients.

While wispy, gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared, and after another application or two, your hair becomes beautifully dark, glossy, soft and luxuriant.

This preparation is a delightful toilet requisite and is not intended for the cure, mitigation or prevention of disease.

If you need to get either a walk or sulky plow see this one at E. A. LEE'S

Ask these farmers who are using one: Elmer Humes, L. M. Clark, J. M. Amos, Bernie White, John Cassidy, Tom Miller or Will McKee.

**Sold Here by E. A. LEE**

# PUBLIC SALE

I, the undersigned having bought a small farm, am leaving a farm of 360 acres, which I have been farming for the past 5 years, will sell practically all of my personal property on

**TUESDAY, FEBRUARY 12, 1918**

At my present residence, 8 miles southeast of Rushville, 7 miles northeast of Milroy, 2 miles southwest of New Salem on the W. D. Root farm

**SALE TO COMMENCE AT 9:30 A. M. TO BE HELD UNDER TENT.**

## 12 Head of Horses 12

Consisting of one black mare 9 years old, sound, weight 1200 pounds, good brood mare; 1 gray gelding coming four years old, weight 1100 lbs., good worker; 2 sorrel draft geldings coming four years old, sound, weight 2800 pounds, well broke; 1 bay gelding coming 5 years old, sound, weight 1400, extra good worker; 1 bay mare, smooth mouth, good user; 1 coming three year old draft filly, green broke; 1 mare mule, coming, three years old, green broke; 2 coming two year old draft geldings; 2 weanling draft colts.

## 11 Head of Cattle 11

Consisting of 2 extra good Jersey cows, with heifer calves at side, giving heavy flow of milk; 1 extra good Jersey cow, heavy springers; 1 Jersey heifer giving milk; 2 Jersey heifers, will be fresh soon; 1 Jersey and Shorthorn heifer will be fresh soon; 1 Shorthorn heifer; 3 extra good Shorthorn Bulls; 1 yearling calf.

## Personal Points

—Amos Glidden of Raleigh visited in this city yesterday.

—G. P. Keller of Indianapolis was a business visitor in this city today.

—Miss Mary Mason has returned from a visit with relatives in Aurora.

—Miss Cecile Costin of Peru, Ind., is the guest of Mr. and Mrs. L. L. Endres.

—Miss Agnes Winston is attending the millinery openings in Indianapolis.

—Miss Hannah Morris has returned from Cincinnati where she spent a few days visiting friends.

—Mr. and Mrs. Aaron Wellman leave tonight for St. Petersburg, Florida, where they will spend a few weeks.

—Mrs. Alice Hale has gone to Chicago to attend the convention of the owners of Ten Cent stores over the country.

—Mrs. Rhoda Offutt has gone to Shelbyville to spend the remainder of the week there the guest of relatives and friends.

—Miss Marcella Owens of Louisville, Ky., has returned to her home after spending a few days here, the guest of relatives.

—Miss Carla Doran, who is attending school in Muncie is spending a few days here the guest of her mother, Mrs. Bruce Johnson. The Muncie schools have been closed because of the lack of fuel.

## Winter Colds

By Dr. Samuel G. Dixon  
Commissioner of Health of Pennsylvania

During the frigid weather, you want to keep well nourished. To do this, your meals should be taken with regularity, and you should take a moderate amount of exercise, not too near meal-time. No better form of exercise can be found than that of walking with a good brisk step and swinging of the arms. You should keep up a good circulation of blood

that the digestive glands may secrete a healthful quantity of digestive fluids, and the food be prepared for and assimilated by the body.

No excesses should be indulged in, particularly the taking of alcoholic beverages. You should live in pure air night and day, but the very young and the very old should not be exposed to extremely low temperatures.

Careful observance of these suggestions will do much to prevent, and at least to some extent, help pull you through congestive or even infective colds, which are prevalent when the weather is so very changeable as it is in winter in our North Atlantic climate.

## FOR LUMBAGO

Try Musterole. See How Quickly It Relieves

You just rub Musterole in briskly, and usually the pain is gone—a delicious, soothing comfort comes to take its place. Musterole is a clean, white ointment, made with oil of mustard. Use it instead of mustard plaster. Will not blister. Many doctors and nurses use Musterole and recommend it to their patients. They will gladly tell you what relief it gives from sore throat, bronchitis, croup, stiff neck, asthma, neuralgia, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frost-bitten feet, colds of the chest (it often prevents pneumonia). Always dependable. 30 and 60c jars; hospital size \$2.50.

## SURVIVORS OF ILL-FATED BOAT 2,187

Continued From Page 1

156 others were lost, the Tuscania is the first ship carrying American troops to Europe to be sunk by a submarine. American warships, conveying transports last June, twice fought off submarine attacks, and since then there have been no reports of attacks on ships carrying American troops to France.

The Tuscania until last fall had been in the trans-Atlantic trade, but the sinking indicates that she recently has been engaged in transporting American troops. She carried a British crew and a British armed naval guard and was convoyed by British warships.

The use of British ships to carry American troops has been hinted at recently in connection with decision of the supreme war council to make every effort to increase General Pershing's army.

The First Presbyterian church prayer meeting will be held at the home of Mrs. J. R. Carmichael, corner of Fifth and Main streets, at 7:30 o'clock tonight. The lesson will be Job. Special music will be a feature of the service.

The prayer meeting service of St. Paul's Methodist church this evening will be held at the home of Mrs. George Hogsett, 1208 North Main street. The pastor will speak on the subject "Some Things That Gladden a Ministers Heart." Everybody is invited.

George W. Skipton is seriously ill at his home in West Fourth street.

## Rheumatics

### Made Happy

Satisfied That "Neutrone Prescription 89" is All That's Claimed

This reliable prescription has since being placed in the hands of the public, done more to remove Rheumatic Troubles than all previous remedies combined.

It is different from other remedies in that it does not upset the stomach or impair the heart, a condition heretofore thought impossible.

It is not a cure-all but a remedy to be taken internally treating Rheumatism as a constitutional disease by its general action through the blood.

The treatment is a most complete combination of rheumatic-reducing elements and is dependable to produce results from the fact it aims at rheumatism as a disease of the blood. 50c and \$1.00 the bottle.

### Woman A World Power

What is to be the status of the American woman when this war is over? This is a question that is exercising the minds of a great many people these days. For a generation, now, she has been contending for equal political rights, and of late years she has been coming into her own in this particular. For a number of years, too, she has been gradually invading the ranks of business, though not to any alarming(?) extent. But with the calling of the millions of men to the army, the call has at last come to woman to demonstrate that she is, as members of her sex have long contended, capable of shouldering the business load and bearing it "manfully."

It is no uncommon sight now to see women doing what has always been considered "men's work." Not such as clerking, bookkeeping and all forms of clerical work, but hard not thought that women were capable of performing. We see them on public works of various kinds, in factories and work shops; and just lately a great steel magnate was quoted as saying that he would not be surprised if before long he had to take on a thousand women to take the place of men drafted for the army.

And to the credit of the women be it said that in the great majority of instances they are making good. They are not only developing ability for work and business that a few years ago would have surprised the world, but they really appear to enjoy the work.

There may be at the bottom of desire to show themselves independent of man for a subsistence. If this be the case they have reason to be gratified, as they are fast becoming a recognized factor in all the activities of life.

But, when the present emergency is past, will woman resume her old sphere of semi-dependent and home body; or will she hold tenaciously to what she has gained and refuse to be ousted from her recently-won vantage? In case she should consent to resume her old status, the world would soon readjust itself and human life would continue to flow on as before. But in the latter event, the entire business fabric of the world will have to be remodeled and new adjustments and alignments made. The addition of a few million female workers will work a great change in labor conditions—a change that will call for careful handling.

But perhaps the most vital question in this connection is that of its influence on the homes of the land. The United States has always been pre-eminently a nation of homes. With us the home life has been enthroned above every other interest of life, and nothing was suffered to interfere with its highest possible development. Will the home suffer in the years to come? Before the

Pitman & Wilson, Druggists.

## SMILEAGE CAMPAIGN OPENS IN RUSH COUNTY

Coupons Serve as Admission Fees to Vaudeville Bills Appearing at the Training Camps

### MAY SERVE AT VALENTINES

Rush county folks wishing to provide their soldier friends with several pleasant evenings even though they are far away may do so now by purchasing one of the Smileage books on sale at Pitman and Wilson's drug store for one dollar apiece. The books contain coupons which will serve as tickets for the good plays and vaudeville bills which are scheduled for every training camp in the country under the direction of some of America's leading theatrical managers.

The Smileage book plan has been highly endorsed by Secretary of War Baker and many army generals as one whereby the Sammies may get the proper relaxation from a hard day's work. The plays will run for a week in the army camps and some of the best and most up-to-date ones have been chosen for the pleasure of the Sammies. Many persons have purchased the little booklets to send as Valentines.

## Amusements

Mary Anderson appears at her best in "Sunlight's Last Raid," the thrilling western drama billed for the Princess theatre this evening. The actress is supported by Alfred Whitman. An interesting love story is wound through the plot in which the bandit battles and wild living are featured. On Friday, Mme. Petrova appears in one of her best pictures, "The Law of the Land." Tomorrow's comedy is "The Pullman Bride."

"When False Tongues Speak" the play at the Gem theatre this evening brings a strong moral out with a very interesting story in which Virginia Pearson takes the leading role. Another incident of "The Fighting Trail," which has been popular with screen fans will be shown tomorrow in addition to "How Fatty Made Good" the comedy in which Lucile Lee Stewart and E. K. Lincoln are featured. On Monday, Mrs. Vernon Castle appears in "The Mark of Cain."

### HAS JAPANESE PAPERS

Anyone is perfectly free to read the papers that Sheriff Ezekiel Jones has, for they are from Japan and needless to say are rather illegible. Although the queer marks and pictures in the papers, which are very much in the form of American newspapers, mean little to an American, the papers are interesting because the sheriff brought them home from Japan where he passed through on his way home from the Philippines, while he was in the Spanish-American war.

### HEAR OF FATHER'S DEATH

Enoch Burkman, 75, a former resident of Westport died at the Craigmont hospital at Madison Saturday evening. Surviving the deceased are his daughter, Mrs. Frank Lucas and son George Burkman both of this city. The funeral services were conducted this morning at Fredonia.

question of "the woman at work" is definitely solved, this one vital question will have to be answered, and on its answer hangs the destiny of a nation.

If that man Hoover keeps on he will have all the doctors "down on him." There won't be a case of chronic dyspepsia or gout in the country.

We don't see why the fact of old Balaam's ass talking should be classed as a miracle. There are asses everywhere, and the miracle would be to find one that didn't talk.

If this war goes on much longer they will soon be teaching geography in the schools by wireless.

If some profited by all their mistakes they would soon be millionaires.

## IMMEDIATE PURCHASE OF HISTORY IS URGED

Orders For Red Cross Histories Must be Placed Before it Goes to Press

### RECORD OF RUSH CO. SOLDIERS

"Don't wait until too late," is the warning of the publishers of the Red Cross war history which will go to press in the near future. Red Cross workers who are compiling the book and obtaining subscriptions are anxious that everyone wishing a book place their order soon so there may be no danger of their name being omitted.

No one is being solicited to subscribe for the history but blanks are left at many of the downtown stores and banks where one may leave their name and the twenty-five cents for the book. The record of Rush county soldiers in every conflict and the names of all Red Cross members are only two features of the interesting book.

### WILL GIVE CONCERT

The Christian Sunday school orchestra will give a concert on Friday evening, February 22, the proceeds from which will go toward buying new song books for the Sunday school. In addition to the numbers given by the orchestra, there will be several special features, solos duets and readings. The orchestra has started practices for the affair

## QUIT MEAT WHEN KIDNEYS BOTHER

Take a glass of Salts before breakfast if your Back hurts or Bladder is troubling you.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which excites the kidneys, they become overworked from the strain, get sluggish and fail to filter the waste and poisons from the blood, then we get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, dizziness, sleeplessness and urinary disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, stop eating meat and get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast and in a few days your kidneys will act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate the kidneys, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder weakness.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active and the blood pure, thereby avoiding serious kidney complications.

## LOCAL FIVE LOSES A PRACTICE GAME

Morristown High School Basketball Team Wins From Rushville Wednesday Night

### PLAY AT A DISADVANTAGE

Locals Find Low Ceiling and Poor Lights Against Them—Richmond Here Friday

The practice game which the local high school basketball squad played with the Morristown high school team last night in the Morristown high school gym was a victory for the Morristown boys, the score standing 16 to 11 at the close of the conflict.

The local team played against odds in last night's game due to the fact that the gymnasium was so poorly lighted, the ceiling so low and the playing space so small that they were unable to introduce any team work. The dimly lighted room also prevented the passing of the ball which is one of the winning assets of the local team.

The game was one of practice in preparation for the tussel with Richmond on Friday evening. All of the substitutes were put in the game at various times except John Keating, the star forward, who did not enter the game at all.

In preparation for the game with Richmond on Friday evening the locals are spending a week of hard practice as they expect the game to be one of the hardest fought and most speedy yet to appear on this season's schedule. The Richmond five have been playing an excellent schedule through the entire winter and have succeeded in holding some

### Now is the Time to be Careful.

The widespread blizzard is causing such a demand for cough medicines that almost any sort of mixture is finding sale. Avoid unknown concoctions that might contain harmful drugs. ## TO ATTEND SCHOOL WAR CONFERENCE

Supt. J. H. Scholl and Principal S. F. Stewart Going to Meeting of Educators of State

### TO UNIFY SCHOOL WAR WORK

Supt. J. H. Scholl and Principal S. F. Stewart of the local high school will attend several sessions of the Indiana War Conference of the school authorities which will be held in Indianapolis Friday evening and Saturday.

The meeting has been called in order that the superintendents and other school authorities might get together on the relation of the schools to the war and that any war work taken up by the schools might be unified through the state. The meeting will act as a clearing house for war work with relation to the schools where measures deemed worthy of notice will be introduced and others will be discontinued.

President Powell of Hobart College, P. P. Claxton, United States commissioner of education; Charles Prather of the national society of industrial education; President Stone of Purdue university, and Horace Ellis, state superintendent of public instruction will appear on the program.

### SCHOOL ATTENDANCE GOOD

Attendance in the public schools of the city were never better according to the report of Truant officer James Miller. In spite of the condition of the roads country, children are doing remarkably well in attending all sessions and there is comparatively little sickness among school children to prevent them from attending.

For Your Stomach's Sake Get a Little Pepsinco now, To-day.

That little pain—that little bloating—that little headache—that little heartburn—that little nausea—that bad feeling and misery after eating. Take heed and look to it. Take Pepsinco. It'll make you feel fit. Your food will digest. That load will disappear and the pain will leave instantly.

Pepsinco acts quickly and is safe and sure. It digests perfectly all that is eaten. The stomach is a peculiar organ. It will not allow an overdoing. It cries out when it is worked too hard. It sends a wireless for help and it behooves every one to watch for the sign. Pepsinco is used by for stomach ills. Guaranteed to thousands. It is the best remedy help the stomach or money refunded. Your druggist sells it on that guarantee.

## SUCCUMBS AFTER FOUR YEARS ILLNESS

Enoch Clarkson Passed Away This Afternoon—Death Caused by Hardening of Arteries

### FORMER RAILROAD WORKER

Following an illness of four years of leakage of the heart and hardening of the arteries, Enoch Clarkson, 77, died this afternoon shortly after two o'clock at the home of his son W. E. Clarkson.

The deceased formerly resided in Jennings county and came here about five years ago for residence and previous to his long illness he was employed by a railroad company. He is survived by two children, W. E. Clarkson and Mrs. Smith Dishinger of New Palestine.

## NEW MEMBERS ARE BEING REPORTED

Results of Red Cross Membership Drive Are Still Being Felt—317 From Noble Township

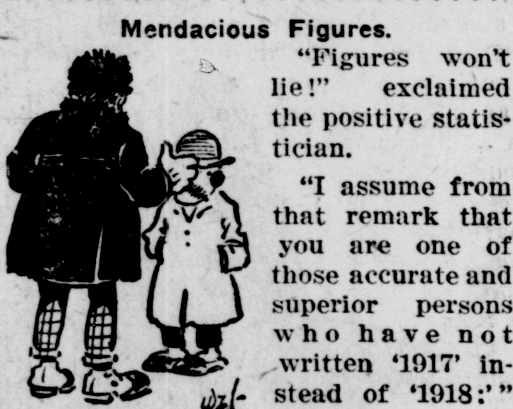

### CENTER REPORTS A HUNDRED

Results from the membership drive are still being felt by the Red Cross with the names of new members coming in practically every day. Center township has turned in the names and dues of one hundred new members and a \$75 subscription to the Red Cross fund here. Of that amount, \$10 was given by the Lotus Club and \$18 by the ladies of the farmer's institute.

The Noble township workers have handed in the names of 317 new members which were obtained during the drive and some had been handed in previously. At present, all of the townships with the exception of one have made final reports and turned in the names of members that came in from the membership drive before Christmas.

Twelve dollars and sixty cents was added to the Red Cross fund here by the Ladies Musicals, the sum being netted at a recent benefit concert given by the organization. The Red Cross office at the Recorder's office is open every day to receive returns, take new names and orders for the Red Cross history.

## WINTRY SMILES

**Bee Farmers Declare Honey Has the Food Value of Meat**

A pound of honey or a pound of sirloin steak—which shall it be? That there is as much food value in one as in another has been proved at the bee farm at the University of Wisconsin.

To emphasize the importance of promoting beekeeping in Wisconsin as a profitable business pursuit, the university extends its endeavors to the beekeepers of the state, in addition to the instruction given the students in agriculture in classes.

Wisconsin annually produces about 1,500 tons of choice honey, but the beekeeping industry has not advanced to the point of recognition as a distinct specialized branch of agriculture, although much of the undeveloped land in Wisconsin and most of the present cultivated land is not occupied as bee pasture, a majority of it offers opportunity for excellent bee "locations."

Save Your Cash and Your Health

**CASCARA QUININE**

The standard cold cure for 20 years—in tablet form—safe, sure, no opiates—cures cold in 24 hours—grip in 3 days. Money back if it fails. Get the genuine box with Red top and Mr. Hill's picture on it. Costs less, gives more, saves money. 24 Tablets for 25c. At Any Drug Store

Miss Buelah Meredith underwent an operation at the Sexton sanitarium this morning.

A daughter has been born to the wife of Robert Elliot. The baby has been named Lucille.

A large crowd attended the Ed Perkins sale south of Rushville yesterday where good prices prevailed.

Mrs. Wilbur Chance of Falmouth sister to Mrs. Walter Duke of this city, is seriously ill.

### When Itching Stops

There is one safe, dependable treatment that relieves itching torture and skin irritation almost instantly and that cleanses and soothes the skin. Ask any druggist for a 35c or \$1 bottle of zemo and apply it as directed. Soon you will find that irritations, pimples, blackheads, eczema, blotches, ringworm and similar skin troubles will disappear. A little zemo, the penetrating, satisfying liquid, is all that is needed, for it banishes most skin eruptions and makes the skin soft, smooth and healthy. The E. W. Rose Co., Cleveland, O.

## DEEPER IN DEBT AT NO ALIEN ENEMIES BEGINNING OF YEAR LIVE IN RUSHVILLE

Rush County People Borrow More  
on Mortgages and Liens Than  
They Pay Off in 1917

THE BALANCE IS \$34,003

Annual Report of County Recorder  
Shows 612 Filed as Against  
580 Satisfied

Rush county people were \$34,003 deeper in debt at the beginning of this year than they were a year ago.

This is what the annual statistical report of the county recorder, Chester Peck, just completed, reveals. The report has been forwarded to the state authorities in Indianapolis.

It shows that 612 mortgages of all kinds, with total considerations of \$1,945,686 were filed during the year 1917 and that 580 mortgages of all kinds, with total considerations of \$1,001,683, were satisfied during the year.

There were 638 deeds of all kinds filed in the recorder's office during the year. Of this number 635 were warranty and quit claim deeds, with total considerations of \$1,917,015. Out of this number 172 were only \$1 considerations.

Among the lot were two sheriff's deeds in which the total considerations were \$998. There was one auditor's deed with a consideration of \$11.

There were 231 mortgages on farms and land not in cities and towns of the county filed during the year and their value was \$829,018. Three hundred and four mortgages of this class were satisfied during the year and \$759,188 was required to pay them off.

Mortgages filed on lots and other city and town property in 1917 numbered 134 and were valued at \$117,231. The sum of \$136,399 was required to satisfy the 151 mortgages of this kind which were paid off.

There were eleven school fund mortgages filed during the year, with a combined value of \$11,116 and nine were satisfied with a value of \$10,851.

The number of chattel mortgages filed was 160 and their value was \$75,182. Ninety-six mortgages of this class were satisfied and \$64,318 was required to pay them off.

Liens filed during the year numbered seventy-six and their value was \$13,139. Twenty were satisfied at a combined value of \$4,936.

None Have Registered at Local Post Office, According to Postmaster G. P. Hunt

MAY LIVE IN OUT TOWNSHIP

None of the 10,000 alien enemies in Indiana who are to register this week are in the territory of the local postoffice, to the knowledge of Postmaster G. P. Hunt, although some may register at the other postoffices over the county. The week has been set apart all over the country when alien enemies are to register, in cities over 5,000 under the police force and in towns under that size through the postoffice. Four alien enemies were found through the questionnaires, but none of them lived in Rushville. Two it is thought, lived in Carthage and two are outside of the state at present.

Alien enemies, over 14 years of age, must register before Saturday night. The work of registration is being conducted in every city and town in the state. The greatest amount of work in connection with it will be in Fort Wayne, Evansville, Indianapolis and Lake county where there are large German settlements. Within a few days after the registration, cards will be given as in the registration for military service.

Each applicant is required to produce four photographs of himself. The alien must fill out an affidavit in triplicate answering 17 sets of questions and a description of the person will be made by the registrar. The state council of defense is co-operating in the work.

## FORMER SURVEYOR AT WASHINGTON D. C.

Herman Kinnett Transferred From  
Jefferson Barracks to Eastern  
Cantonment

PLEASED WITH THE LOCATION

Herman Kinnett, former deputy surveyor for Rush county who enlisted about six weeks ago in the engineering corps has been transferred from Jefferson barracks, Mo., to Washington Barracks, D. C.

The young engineer, who was a former Purdue student, writes enthusiastically of his new location and is well pleased with his present surroundings. Kinnett enlisted in the twenty-third regiment but because of the fact that it was already over recruited and was making preparations to go across at an early date, he was transferred to the replacement regiment, the members of which are used to fill any vacancies regiments of engineers.

"All of the government buildings are heavily guarded," asserted Kinnett, "and no one can enter them without a pass with the exception of soldiers and sailors. Large parties from our barracks go on week-end trips to the city and visit many places of interest."

## NEW REGULATIONS RECEIVED BY AGENT

Men Enlisted in Public Service Reserve Must Sign Another Set of Papers

SEVERAL HAVE ENLISTED

A. L. Stewart, county enrolling agent for the Public Service Reserve has been notified that the men who have signed up for government work must make out another set of papers, so Director Stewart has asked that all of the men who wish to enter this branch of government work and who have already completed one set of papers call at his office in the court house and sign the newly issued enrolling cards.

Between twenty-five and thirty men from Rush county have enlisted in the Public service reserve and are awaiting a call. An inspector will examine the applicants for the various departments of the reserve at the court house some time before they are called for service.

## ALL BUT 210 ON TUSCANIA FOUND

### Transport Hit Broadside Turning to Avoid Torpedo

#### TUSCANIA WARNED OF THE DANGER

Signalled by Another Vessel Sight-  
ing U-Boat, "Torpedo Coming,  
Dodge," But Gets Death Blow

SHE SINKS IN 48 MINUTES

Eye Witness Says He Heard Two  
Explosions, Last One Apparent-  
ly From Boiler Bursting

TRANSPORT SENDS SIGNALS

Survivors Say There Were Many  
Casualties Due to Trouble in  
Lowering Life Boats

(By United Press.)

London, Feb. 7.—The Tuscania was warned by another vessel that had spotted the torpedo, and was in the act of turning when the missile struck.

An eye witness—a passenger on one of the vessels near the transport declared the captain of his ship saw the torpedo and diverted the course of his steamer successfully.

The Tuscania was signalled "torpedo coming, dodge." The transport started to turn but was caught broadside.

The ship was hit a little astern of midship.

Another eye witness stated that the ship sank within 48 minutes after she was struck.

He said the destroyers and other vessel had surrounded her picking up the survivors from the sea and life boats.

He said that it was Tuesday evening when the Tuscania was struck. He heard two explosions, the latter apparently caused by the bursting of the boiler. He said he saw the ship lights which previously had been darkened flash on. Then the Tuscania sent up rockets, red flares and then her lights went out.

Survivors arriving at a Scottish port said that trouble in lowering the boats owing to the list of the damaged transport caused a number of casualties.

The mayor of Belfast, Ireland, today wired Ambassador Page that every facility had been provided for the comfort of the survivors of the Tuscania and that Red Cross workers have gone to their aid "backed by unlimited funds."

Forty-five Tuscania survivors landed Wednesday night were picked from open boats in a rough sea.

"Other survivors were landed at ports in Ulster," it was announced.

#### NURSE DIES AT HOSPITAL

Miss Burrows of Greensburg Succumbs This Afternoon

Miss Cecil Burrows of Greensburg died at the Dr. Sexton Hospital this afternoon following an operation for appendicitis. The operation was apparently successful but complications came up later. Miss Burrows has been a nurse at the hospital for several months and had gained a number of friends in this city.

#### Soldiers Lost on The Tuscania Had Insurance—McAdoo.

Washington, Feb. 7.—All American soldiers lost on the torpedoed transport were protected by government insurance, Secretary McAdoo announced today.

How many of the men on the transport had applied for the insurance is not yet known. However, those who had not applied are protected by the automatic provision of the war risk loan which aggregates to each man \$4,300 or \$25 a month for 240 months.

#### Will McGuire Believed to Be Safe in France

Unit to Which he is Attached Not  
Mentioned as Sailing on Tuscania.  
Lieut. McGuire Wrote His Father  
Here Under Date of Jan. 22 on  
Board a Transport.

ON WATER 14 DAYS TUESDAY.

Lieutenant Will McGuire, son of Henry P. McGuire of this city, is believed to be the only Rush county boy who may be on the way to France, but since the unit to which he is attached is not mentioned as one of those on board the army transport Tuscania, which was sunk Tuesday off the Irish coast, his father believes that he is safe in France.

Mr. McGuire received a letter dated January 22 and written aboard a transport. If he sailed that day, he would have been on the water fourteen days up to the time the Tuscania was sunk. Lieut. McGuire left camp Jan. 18.

Lieut. McGuire was first attached to the 60th aero squadron, but late in January Mr. McGuire received a letter from his son saying after February 1 he would be in the 427th aero squadron.

#### Details To Be Made Public As Fast As They Arrive, Baker Declares.

Washington, Feb. 7.—"We must and we will win this war," declared Secretary Baker today.

"The sinking of the Tuscania leaves us face to face with the losses of war in their most tremendous phase. They unite us to make more determined our purpose to press on."

"As rapidly as details come in they will be given out in order to relieve anxiety where possible and notice will be sent as soon as possible to those whose sons and brothers have been added to the nation's heroic dead."

#### Home Guard

The regular drill meeting of the Home Guard will be conducted this evening in the corridors of the courthouse. The meeting will be called promptly at 7 o'clock.

#### SURVIVORS OF ILL FATED BOAT 2,187

Submarine Toll is 145 United States  
Officers and Men and 65 Other  
Persons

HOSPITAL SHIPS ON SCENE

British Authorities Wire Scotland  
Workers to Afford Troops Every  
Assistance

TO SUPPLY THEM CLOTHING.

Tuscania is First American Trans-  
port Carrying Troops to be  
Sunk on Way to Europe

(By United Press.)

Washington, Feb. 7.—Germany's submarine attack on the liner Tuscania, a toll of 145 United States officers and soldiers—and 65 others.

This is according to official and unofficial reports compiled here from war zone reports. The total missing from survivors of the submarine thrust Tuesday is 210 with 2,187 saved.

Six hundred survivors were landed in Ireland, dispatches this morning announce. The names of 30 survivors landed at Islay, Scotland were also forwarded.

The 600 are believed part of the 1,912 reported landed in last night's dispatches.

The dispatch told of British hospital ships being rushed to the scene of the disaster and of every effort being used.

British authorities have wired instructions to their workers in Scotland and Ireland to afford American troops every possible assistance and to furnish them with clothing requirements.

A message from Admiral Simms at London today said it was believed that the Tuscania was still afloat.

Throughout the night the great government wireless were pressing for details of the disaster.

Until early this morning Secretaries Baker and Daniels remained at their desks directing the work of inquiry.

The 20th engineers aboard the vessel were recruited for pioneer and communication work behind the battle line. The regiment is the largest in the service and the members are drawn from every national guard and national army division.

Names of the survivors began to reach the war department by cable from Belfast early this morning. It was announced that the names will be given out in order to prevent anxiety of relatives.

Although prior to January 1 of the present year there were more than 200,000 American troops in France, according to the statement made by Secretary of War Baker, the Tuscania was the first transport to be torpedoed on the voyage from an American port to France. Several American transports, however, have been torpedoed on the return journey, after having debarked troops.

Although the American transport Amiles was torpedoed and sunk in the war zone while returning from France and fourteen soldiers and

#### TO PRESENT HONOR ROLL

Epworth League Will Hold "Sammy  
Service" Sunday Night

Judge Will M. Sparks will speak at the "Sammy Service" to be held at the Epworth League at the St. Paul's M. E. church on Sunday evening at 6 o'clock. An honor roll will be presented by the League to the church and all of the features of the meeting will be in honor of the Methodist boys who are "with the colors." Several special musical numbers have been arranged for the meeting.

#### MAKES TOTAL OF 198 READY FOR ARMY

Twenty-One More Men Held For  
Service, Being Passed by Ad-  
visory Board and Dr. Coleman

THREE MEN ARE CLASSIFIED

Names of registrants passed as physically fit by the medical advisory board and physician member of the county board will be found on page 8.

Twenty-one more registrants have been held for service by the county army selection board, making a total of 168 now ready to be inducted into the army. Twelve were reported as physically fit by Dr. W. S. Coleman, physician member of the board, and nine were passed by the advisory board.

Russel Kirkpatrick, who is with Base Hospital No. 32 (The Lilly unit) in France was put in class five by the board today. Harry E. Kennedy, of this city, who could not return his questionnaire until now because he had diphtheria was classified in two. Frank M. Glaub, whose questionnaire was returned for corrections, has been put in class 3. This leave only eight registrants to classify and all of those are thought to be in the service.

#### CARL VANDIVER IS ACQUITTED BY JURY

Found Not Guilty of Involuntary  
Manslaughter in Connection With  
Death of Mary Swinford

JURY IS OUT OVER TWO HOURS

The jury this afternoon, after deliberating over two hours, acquitted Carl Vandiver, Glenwood high school student accused of involuntary manslaughter in connection with the death of Mary Ellen Swinford, age twenty months, June 24, 1917. A machine Vandiver drove ran into Carl Swinford's buggy killing the child.

The evidence was concluded this morning and the final arguments made before the noon adjournment. Vandiver was exonerated by the county coroner last summer and later indicted by the grand jury.

The case of the Bartley-Wonser, Saxon Co., against M. P. Cooper to foreclose a lien, set for trial in court today, was dismissed by the plaintiff and the costs paid. The case of August Sebert against Frank H. Windate on an account, set for trial yesterday, was dismissed by the plaintiff at his costs.

Mrs. John K. Gowdy, underwent an operation at the Dr. Sexton Hospital this morning for appendicitis and gall stones.

#### HOLDS UP CHANGE IN FUEL ORDERS

Failure of Coal to Arrive This Week  
Makes it Impossible to Lessen  
Restrictions Yet

TRANSPORTATION HELD UP

Administrator Informed Coal is Not  
Moving Very Fast—City Can  
Hold Out This Week

Unless some coal comes through for Rushville tomorrow or Saturday, restrictions on the opening and closing of local mercantile establishments, ordered by County Fuel Administrator S. L. Trabue because of the shortage of fuel, will not be lessened.

The county fuel administrator had planned to issue an order today making the regulations less strict, but the change in the local fuel situation this week has caused him to hold up the plan.

Not a lump of coal for domestic use has arrived here since last Saturday noon when a car of eastern coal was set off. The day before that seven cars reached here and conditions looked very promising. The fuel administrator decided then to change the opening and closing orders providing coal came through this week all right, but it has not.

Four cars of coal were allotted Rushville for this week by the state fuel administration January 28, but none of them has arrived and there is no assurance that they will. The Rushville situation will not be serious before next week if no more arrives. A car was allotted Manilla at the same time, but it has not come. Manilla is in a more serious condition than any community in the county. The town has had only one car of coal, diverted from Rushville, which carried only 25 tons, since December 18.

The fuel administrator called the state fuel administration this morning by telephone. He was informed that though the weather is more favorable, the railroads are slow in recovering and not much coal is being moved. He was told the mines in the Knox county district were closed because all available cars were loaded and standing on the sidings ready to be moved. Thirteen cars were allotted to the county for delivery next week, but unless transportation improves, they may not come through.

Howard Eubank, has reported to the fuel administrator that practically all of the timber has been cleared off of 25 acres which he offered free for the cutting and hauling. This discloses that an immense amount of wood has been cut and helped materially in relieving the local fuel situation. The cutting of the timber was worth much to Mr. Eubank because he wanted to clear the land. Much timber has been cut on other tracts of land.

Both the Innis-Pearce and Park furniture factories were still closed today for the want of fuel.

The highest temperature of the year, ushered in yesterday, continued today, and continuation of the warm weather is promised. This has helped in easing the fuel situation.

Again the weather man failed on his prediction of "colder weather" and the mercury stayed several degrees above zero last night. The coldest point during the night was 22 above zero which was three degrees warmer than the night before and this morning at eleven o'clock, it had climbed to 35 degrees above zero, making only a variation of 13 degrees in the temperature. There was a heavy fog this morning, the first one for many days.

#### AMERICANS MUST LEARN TO SAVE

"Feed But Not Stuff," Says Capt.  
Dolph Humes in Letter from  
France

IS PLEASED WITH COUNTRY

Impressed With Tragic Soberness  
Lingering Behind the French-  
man's Smiles

"Food demands of the soldiers are enormous and those at home must learn to save and not waste—feed but not stuff," declared Capt. Dolph Humes, son of John Humes of Noble township in a recent letter received by his father. Capt. Humes is a member of the Lilly hospital unit and the letter, the text of which follows, gives an excellent view to the environments surrounding the American soldiers behind the French lines.

"The country here is beautiful," began Capt. Humes enthusiastically. "The roads are fine and are on an average with those in Rush county and although they are narrow, they are built well and are as smooth as a race course. Tall poplars line them everywhere. Farms are carefully tilled and aside from the manpower are in the usual state of production."

"We are warm, very well fed, comfortable in most ways and are much better off than we expected to be. Hotel buildings are to our hospitals and you can imagine that one well equipped will make an excellent hospital."

"The war situation has not changed but you, no doubt, are better able to get news from the front more rapidly than we do. We do get the real personal side of it, however and have had many talks with the soldiers who have returned. They are all full of grim determination to put a stop to this Prussian reign of terror. The people neither here nor in Germany want war itself—certainly no sane people wish to sacrifice for the mere sake of it but the people of France will accept nothing but a complete finish of this thing which they did not start."

"My conception of it all, while faintly comprehended before, has broadened wonderfully. I have come to realize something of the spirit which makes splendid soldiers of the men and glorious heroines of their women. There is no sadness, no apparent grief but one is impressed with the tragic soberness behind their smiles as they go about their duty."

"Here too, a little fellow is seen trying to fill his father's shoes—either for a short or for life but nevertheless he is game. The touch of crepe is always to be seen which strengthens one to his or her purpose."

"The men and women in our unit are all well and happy and are rapidly becoming acclimated. The war bread here is 'bully' and we're going to eat it, there is no hardship in that. The place here is a rather famous watering resort, one of the many in France from which we get excellent water."

"We have fine big rooms overlooking a park and no day passes without enjoying some real treat. It is interesting to see house and stable 'close up,' manure piles, the French men treasure every present to the eye but what keeps the land fertile. I love the people. They have all received us kindly and are anxious to assist them to push the war on. It is really and a successful one, and for which we all come marching home."

# PUBLIC SALE

We, the undersigned, will sell at public sale on the farm known as the Charles M. Norris farm, 2 miles southwest of Orange, and 4 miles northeast of New Salem.

**WEDNESDAY, FEBRUARY 20, 1918**

Dusty Miller, Auct. John E. Holmes, Clerk. T. G. Richardson, Cashier.  
Lunch will be served by the Glenwood M. E. Church.

## Reindeer Special Milk Delivery

Frank Clements, Owner of Team, Comes to Rescue of Chicago Babies During Snow Blockade

Following the announcement that thousands of Chicago mothers were bewailing the fact that they had no milk for their infants as a result of the recent blizzards which filled all Chicago streets, making many impassable, "The Reindeer Man" ably played the part of the "Good Samaritan," and delivered milk to many homes and thus provided food for the hungry tots. The reindeer got about with almost as much ease as in normal times.

Cash and Carry.

Quite incidentally it happens that the doctrine of carrying home one's groceries promises to attain full growth at a time when capacious and decorative bags are not only fashionable, but almost necessary for housewives. It is evident, says the Spokane Spokesman Review, that there is intention of seeing that the buyer is paid in cash for carrying his own food home. Already dealers are looting cent and even nickels off the cost of things not delivered. A cent, for instance, goes thus with every loaf of bread. Cents and nickels grow rapidly to quarters, and quarters will buy war stamps that pay 4 per cent. It behooves us to look closely to such details.

Mexico Stops Dyes.

Dyeing material has been coming in considerable volume from Mexico during the past two years. However, the Mexican treasury department has announced prohibition of the export of aniline and coal tar dyes and natural artificial vegetable dyes. The difficulty caused by the new regulation, will be experienced chiefly by United States cloth manufacturers.

Getting to Essentials.

"I think we have at last located the blame for the coal situation," began the explanatory statesman.

"I don't care anything about the blame just now," interrupted the ordinary citizen. "Have you located any coal?"

A Motorist's Impression.

"Do we want to encourage a system which will compel us to wear chains forever?" inquired the agitated citizen.

"But what are you going to do in this kind of a climate?" inquired Mr. Chuggins. "We can't go on skidding."

Unnatural Condition.

"I see in some big manufacturing place army orders for gloves are delayed."

"That's queer. Under any condition gloves should always be on hand."

Sometimes It Can't Be Done.

"Early to bed and early to rise" is a good old motto.

"Well," replied Grannie Rilem, gloomily. "This daylight saving's all right, of course. But out our way somebody's simply got to stay up all night to tend the furnace."

Favorites.

"Do you have meatless days at your house?"

"Yes. Of course we have to make exceptions. Everybody goes without meat except Fido and the cook."

No Deprivation.

"Are you having any 'lightless nights' in Brindleburg?"

"Sure," replied the old resident. "Besides we don't need any lights in this town. We've only got one picture theater and every man, woman and child in the community could find the way to it blindfolded."

## TO DARKEN HAIR APPLY SAGE TEA

Look Young! Bring Back Its Natural Color, Gloss and Attractiveness.

Common garden sage brewed into a heavy tea with sulphur added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Just a few applications will prove a revelation if your hair is fading, streaked or gray. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get a bottle of Wyeth's Sage and Sulphur Compound at any drug store all ready for use. This is the old-time recipe improved by the addition of other ingredients.

While wavy, gray, faded hair is not what we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time, by morning all gray hairs have disappeared, and after another application or two, your hair becomes beautifully dark, glossy, soft and luxuriant.

Guidelever for front furrow wheel has a wide range each direction.

Front axle pivot in sleeves instead of working in an upright. There is no chance to bind.

When plowing this lever raises and lowers plow bottom and absolutely levels the frame at one operation.

Rear view shows simplicity of construction. Note the dirt proof rolling land-side.

If you need to get either a walk or sulky plow see this one at E. A. LEE'S

Ask these farmers who are using one: Elmer Humes, L. M. Clark, J. M. Amos, Bernie White, John Cassidy, Tom Miller or Will McKee.

**Sold Here by E. A. LEE**

# PUBLIC SALE

### Winter Colds

By Dr. Samuel G. Dixon  
Commissioner of Health of Pennsylvania

During the frigid weather, you want to keep well nourished. To do this, your meals should be taken with regularity, and you should take a moderate amount of exercise, not too near mealtime. No better form of exercise can be found than that of walking with a good brisk step and swinging of the arms. You should keep up a good circulation of blood.

that the digestive glands may secrete a healthful quantity of digestive fluids, and the food be prepared for and assimilated by the body.

No excesses should be indulged in, particularly the taking of alcoholic beverages. You should live in pure air night and day, but the very young and the very old should not be exposed to extremely low temperatures.

Careful observance of these suggestions will do much to prevent, and at least to some extent, help pull you through congestive or even infective colds, which are prevalent when the weather is so very changeable as it is in winter in our North Atlantic climate.

### FOR LUMBAGO

Try Musterole. See How Quickly It Relieves

You just rub Musterole in briskly, and usually the pain is gone—a delicious, soothing comfort comes to take its place. Musterole is a clean, white ointment, made with oil of mustard. Use it instead of mustard plaster. Will not blister.

Many doctors and nurses use Musterole and recommend it to their patients.

They will gladly tell you what relief it gives from sore throat, bronchitis, croup, stiff neck, asthma, neuralgia, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frostbitten feet, colds of the chest (it often prevents pneumonia). Always dependable.

30 and 60c jars; hospital size \$2.50.

### SURVIVORS OF ILL-FATED BOAT 2,187

Continued From Page 1

136 others were lost, the Tuscania is the first ship carrying American troops to be sunk by a submarine. American warships, conveying transports last June, twice fought off submarine attacks, and since then there have been no reports of attacks on ships carrying American troops to France.

The Tuscania until last fall had been in the trans-Atlantic trade, but the sinking indicates that she recently has been engaged in transporting American troops. She carried a British crew and a British armed naval guard and was conveyed by British warships.

The use of British ships to carry American troops has been hinted at recently in connection with decision of the supreme war council to make every effort to increase General Pershing's army.

The First Presbyterian church prayer meeting will be held at the home of Mrs. J. R. Carmichael, corner of Fifth and Main streets, at 7:30 o'clock tonight. The lesson will be Job. Special music will be a feature of the service.

The prayer meeting service of St. Paul's Methodist church this evening will be held at the home of Mrs. George Hogsett, 1208 North Main street. The pastor will speak on the subject "Some Things That Gladden a Ministers Heart." Everybody is invited.

George W. Skipton is seriously ill at his home in West Fourth street.

### Woman A World Power

What is to be the status of the American woman when this war is over? This is a question that is exercising the minds of a great many people these days. For a generation, now, she has been contending for equal political rights, and of late years she has been coming into her own in this particular. For a number of years, too, she has been gradually invading the ranks of business, though not to any alarming(?) extent. But with the calling of the millions of men to the army, the call has at last come to woman to demonstrate that she is, as members of her sex have long contended, capable of shouldering the business load and bearing it "manfully."

It is no uncommon sight now to see women doing what has always been considered "men's work." Not such clerical, bookkeeping, and all forms of clerical work, but hard not thought that women were capable of performing. We see them on public works of various kinds; in factories and work shops; and just lately a great steel magnate was quoted as saying that he would not be surprised if before long he had to take on a thousand women to take the place of men drafted for the army.

And to the credit of the women be it said that in the great majority of instances they are making good. They are not only developing ability for work and business that a few years ago would have surprised the world, but they really appear to enjoy the work.

There may be at the bottom of desire to show themselves independent of man for a subsistence. If this be the case they have reason to be gratified, as they are fast becoming a recognized factor in all the activities of life.

But, when the present emergency is past, will woman resume her old sphere of semi-dependent and home body; or will she hold tenaciously to what she has gained and refuse to be ousted from her recently-won vantage? In case she should consent to resume her old status, the world would soon readjust itself and human life would continue to flow on as before. But in the latter event, the entire business fabric of the world will have to be remodeled and new adjustments and alignments made. The addition of a few million female workers will work a great change in labor conditions—a change that will call for careful handling.

But perhaps the most vital question in this connection is that of its influence on the homes of the land. The United States has always been pre-eminently a nation of homes. With us the home life has been enthroned above every other interest of life, and nothing was suffered to interfere with its highest possible development. Will the home suffer in the years to come? Before the

It is a powerful blood purifier and is the only medicine that will cure all blood diseases.

## SMILEAGE CAMPAIGN OPENS IN RUSH COUNTY

Coupons Serve as Admission Fees to Vaudeville Bills Appearing at the Training Camps

### MAY SERVE AT VALENTINES

Rush county folks wishing to provide their soldier friends with several pleasant evenings even though they are far away may do so now by purchasing one of the Smilage books on sale at Pitman and Wilson's drug store for one dollar apiece. The books contain coupons which will serve as tickets for the good plays and vaudeville bills which are scheduled for every training camp in the country, under the direction of some of America's leading theatrical managers.

The Smilage book plan has been highly endorsed by Secretary of War Baker and many army generals as one whereby the Sammies may get the proper relaxation from a hard day's work. The plays will run for a week in the army camps and some of the best and most up-to-date ones have been chosen for the pleasure of the Sammies. Many persons have purchased the little book-lets to send as Valentines.

## Amusements

Mary Anderson appears at her best in "Sunlight's Last Raid," the thrilling western drama billed for the Princess theatre this evening. The actress is supported by Alfred Whitman. An interesting love story is wound through the plot in which the bandit battles and wild living are featured. On Friday, Mme. Petrova appears in one of her best pictures, "The Law of the Land." Tomorrow's comedy is "The Pullman Bride."

"When False Tongues Speak" the play at the Gen theatre this evening brings a strong moral out with a very interesting story in which Virginia Pearson takes the leading role. Another incident of "The Fighting Trail," which has been popular with screen fans will be shown tomorrow in addition to "How Fatty Made Good" the comedy in which Lucile Lee Stewart and E. K. Lincoln are featured. On Monday, Mrs. Vernon Castle appears in "The Mark of Cain."

### HAS JAPANESE PAPERS

Anyone is perfectly free to read the papers that Sheriff Ezekiel Jones has, for they are from Japan and needless to say are rather illegible. Although the queer marks and pictures in the papers, which are very much in the form of American newspapers, mean little to an American, the papers are interesting because the sheriff brought them home from Japan where he passed through on his way home from the Philippines, while he was in the Spanish-American war.

### HEAR OF FATHER'S DEATH

Enoch Burkman, 75, a former resident of Westport died at the Craigmont hospital at Madison Saturday evening. Surviving the deceased are his daughter, Mrs. Frank Lucas and son George Burkman both of this city. The funeral services were conducted this morning at Fredonia.

question of "the woman at work" is definitely solved, this one vital question will have to be answered, and on its answer hangs the destiny of a nation.

If that man Hoover keeps on he will have all the doctors "down on him." There won't be a case of chronic dyspepsia or gout in the country.

We don't see why the fact of old Balaam's ass talking should be classed as a miracle. There are asses everywhere, and the miracle would be to find one that didn't talk.

If this war goes on much longer they will soon be teaching geography in the schools by wireless.

If some profited by all their misdeeds they would soon be millionaires.

## IMMEDIATE PURCHASE OF HISTORY IS URGED

Orders For Red Cross Histories Must be Placed Before it Goes to Press

### RECORD OF RUSH CO. SOLDIERS

"Don't wait until too late," is the warning of the publishers of the Red Cross war history which will go to press in the near future. Red Cross workers who are compiling the book and obtaining subscriptions are anxious that everyone wishing a book place their order soon so there may be no danger of their name being omitted.

No one is being solicited to subscribe for the history but blanks are left at many of the downtown stores and banks where one may leave their name and the twenty-five cents for the book. The record of Rush county soldiers in every conflict and the names of all Red Cross members are only two features of the interesting book.

### WILL GIVE CONCERT

The Christian Sunday school orchestra will give a concert on Friday evening, February 22, the proceeds from which will go toward buying new song books for the Sunday school. In addition to the numbers given by the orchestra, there will be several special features, solos duets and readings. The orchestra has started practices for the affair.

## QUIT MEAT WHEN KIDNEYS BOTHER

Take a glass of Salts before breakfast if your Back hurts or Bladder is troubling you.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which excites the kidneys, they become overworked from the strain, get sluggish and fail to filter the waste and poisons from the blood, then we get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, dizziness, sleeplessness and urinary disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts or if the urine is cloudy, offensive, full of sediment, uric acid, or passes or attended by a sensation of scalding, stop eating meat and get about four ounces of Jad Salts from any pharmacy. Take a tablespoonful in a glass of water before breakfast and in a few days your kidneys will be flushed and your blood purified. This famous salts is made from the purest of sodium and lemon juice combined with lithia and has been used for generations to flush and stimulate the kidneys and to neutralize the acids in the blood. It is no longer a secret remedy, but a well-known fact that it is the only remedy that makes a delightful after-dinner drink. It is the only remedy that should be taken now and then to keep the kidneys in good condition and to keep the blood pure. It is the only remedy that is a complete kidney and blood purifier.

## LOCAL FIVE LOSES A PRACTICE GAME

Morristown High School Basketball  
Team Wins From Rushville  
Wednesday Night

### PLAY AT A DISADVANTAGE

Locals Find Low Ceiling and Poor  
Lights Against Them—Richmond  
Here Friday

The practice game which the local high school basketball squad played with the Morristown high school team last night in the Morristown high school gym was a victory for the Morristown boys, the score standing 16 to 11 at the close of the conflict.

The local team played against odds in last night's game due to the fact that the gymnasium was so poorly lighted, the ceiling so low and the playing space so small that they were unable to introduce any team work. The dimly lighted room also prevented the passing of the ball which is one of the winning assets of the local team.

The game was one of practice in preparation for the tussel with Richmond on Friday evening. All of the substitutes were put in the game at various times except John Keating, the star forward, who did not enter the game at all.

In preparation for the game with Richmond on Friday evening the locals are spending a week of hard practice as they expect the game to be one of the hardest fought and most speedy yet to appear on this season's schedule. The Richmond five have been playing an excellent schedule through the entire winter and have succeeded in holding some

### Now is the Time to be Careful.

The widespread blizzard is causing such a demand for cough medicines that almost any sort of mixture is finding sale. Avoid unknown concoctions that might contain harmful drugs. When you buy Foley's Honey and Cat Compound you are certain of getting a family cough medicine of high standard and genuine merit. It contains no opiates. F. B. Johnson. Adv

## TO ATTEND SCHOOL WAR CONFERENCE

Supt. J. H. Schell and Principal S. F. Stewart Going to Meeting of Educators of State

### TO UNIFY SCHOOL WAR WORK

Supt. J. H. Schell and Principal S. F. Stewart of the local high school will attend several sessions of the Indiana War Conference of the school authorities which will be held in Indianapolis Friday evening and Saturday.

The meeting has been called in order that the superintendents and other school authorities might get together on the relation of the schools to the war and that any war work taken up by the schools might be unified through the state. The meeting will act as a clearing house for war work with relation to the schools where measures deemed worthy of notice will be introduced and others will be discontinued.

President Powell of Hobart College, P. P. Claxton, United States commissioner of education; Charles Prather of the national society of industrial education; President Stone of Purdue university, and Horace Ellis, state superintendent of public instruction will appear on the program.

### SCHOOL ATTENDANCE GOOD

Attendance in the public schools of the city were never better according to the report of Truant officer James Miller. In spite of the condition of the roads country, children are doing remarkably well in attending all sessions and there is comparatively little sickness among school children to prevent them from attending.

of the strongest teams in the state. A curtain raiser will be played before the big game Friday between the second team and another basketball team from some place in this county.

# Society

Ninety young people attended the Valentine social given by the Epworth League at the Scanlan House with Mr. and Mrs. O. P. Wamsley last evening when a gay evening was furnished for them. Decorations of suspended cups and hearts and strands of red crepe paper extending from the chandeliers to the corners of each of the rooms where the guests were entertained gave the place a holiday appearance. Various forms of entertainment were provided. There was a Valentine Box where souvenirs of Valentines were distributed, but Valentines were matched for partners, and candy hearts were hid each bearing one letter in the word Valentine which were to be matched to make the entire word. A clever musical

**Constant Sufferer Finds Relief.**  
"I have been a constant sufferer from kidney trouble and three months ago was down sick in bed, for my back ached so severely I couldn't get up," writes C. F. Reynolds, 412 Herriek St., Elmhurst, N. Y. "While in this condition we read of Foley Kidney Pills so I commenced taking them. In a few days I was out of bed." Foley Kidney Pills strengthen kidneys and bladder. Recommended for backache, rheumatic pains, sore muscles, stiff joints. P. B. Johnson. Adv.

That little pain—that little bloating—that little headache—that little heartburn—that little misery after eating. Take heed and look to it. Take Pepsinco. It'll make you feel fit. Your food will digest. That load will disappear and the pain will leave instantly.

Pepsinco acts quickly and is safe and sure. It digests perfectly all that is eaten. The stomach is a peculiar organ. It will not allow an overdoing. It cries out when it is worked too hard. It sends a wireless for help and it swoops every one to watch for the sign. Pepsinco is used by thousands. It is the best remedy for the stomach or money's worth. Your druggist sells it on guarantee.

**Social Calendar**  
**Friday**  
Psi Iota Xi sorority meeting with Miss Harriet Vredenburg at her home in North Jackson street in the evening.  
Meeting of the Rebekah lodge in their club rooms in the evening.

The Christmas box sent to the Mission workers in the Philippines by the Woman's Foreign Missionary society of the Methodist church arrived safely and at the regular meeting which was held yesterday a letter was read from the missionaries acknowledging the box and giving an interesting description of work they are accomplishing.  
"Mohammedan Women" was the subject of an interesting paper read by Mrs. J. H. Scholl, president of the society after which the study chapter from the book on "Africa" was discussed by Miss Mary Marshall. The devotionals were in charge of Mrs. Rush Budd and during the short business session which followed, Mrs. Clyde Black gave a report of the years work.  
At the next meeting which will be held March 6 the annual thank offering will be made, the money from which is to be used in erecting buildings in the mission settlements.

Fifty members of the Dr. Gilbert class of the Main street Christian church attended the meeting which was held yesterday afternoon at the home of Mrs. Walter Duke in North Perkins street when sewing for the Red Cross was the feature of the afternoon's entertainment.  
The class has taken up Red Cross work as one of their most important duties during the war and the meeting was the first of this kind to be held in the future at intervals of two weeks. Towels and handkerchiefs were made at yesterday's meeting after which the hostess served a prettily appointed luncheon.  
Small tables were placed about the dining room which was decorated in the national colors. Dainty patriotic emblems adorned the tables and the color scheme was also suggested in the ices which were of red, white and blue.

The regular monthly meeting of the Woman's missionary society of the First Baptist church was held last night at the home of Mrs. Ed Short in West Second street. There was an exceptionally good attendance of the members and during the usual devotional services, the review of a portion of the study book, "The African Trail" was discussed. The hostess served light refreshments at the close of the meeting.

The regular meeting of the Sunshine Embroidery club of Raleigh was entertained by Mrs. Horace Glidden this afternoon at her home in Washington township. The afternoon was spent sewing for the Red Cross and during the afternoon the guests completed several wash cloths and towels.

The regular business meeting of the Psi Iota Xi sorority will be held Friday evening at the home of Miss Harriet Vredenburg in North Jackson street.

Mrs. C. W. Saxon entertained Mrs. E. I. Jeffery and Miss Doris Saxon at dinner today.

The Rebekahs will hold their regular meeting at the hall tomorrow night.

There will be no services at the colored churches on Sunday due to the order given by the city board of health as a precaution against the spread of small pox which from all reliable sources will spread no further.

## SUCCUMBS AFTER FOUR YEARS ILLNESS

Enoch Clarkson Passed Away This Afternoon—Death Caused by Hardening of Arteries

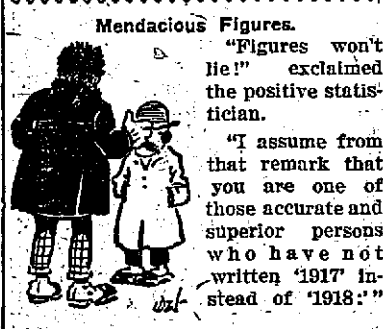

**FORMER RAILROAD WORKER**  
Following an illness of four years of leakage of the heart and hardening of the arteries, Enoch Clarkson, 77, died this afternoon shortly after two o'clock at the home of his son W. E. Clarkson.  
The deceased formerly resided in Jennings county and came here about five years ago for residence and previous to his long illness he was employed by a railroad company. He is survived by two children, W. E. Clarkson and Mrs. Smith Disher of New Palestine.

## NEW MEMBERS ARE BEING REPORTED

Results of Red Cross Membership Drive Are Still Being Felt—317 From Noble Township

**CENTER REPORTS A HUNDRED**  
Results from the membership drive are still being felt by the Red Cross with the names of new members coming in practically every day. Center township has turned in the names and dues of one hundred new members and a \$75 subscription to the Red Cross fund here. Of that amount, \$10 was given by the Lotus Club and \$18 by the ladies of the farmer's institute.  
The Noble township workers have handed in the names of 317 new members which were obtained during the drive and some had been handed in previously. At present, all of the townships with the exception of one have made final reports and turned in the names of members that came in from the membership drive before Christmas.  
Twelve dollars and sixty cents was added to the Red Cross fund here by the Ladies Musicale, the sum being netted at a recent benefit concert given by the organization. The Red Cross office at the Recorder's office is open every day to receive returns, take new names and orders for the Red Cross history.

## WINTRY SMILES

## Bee Farmers Declare Honey Has the Food Value of Meat

A pound of honey or a pound of sirloin steak—what shall it be? That there is as much food value in one as in another has been proved at the bee farm at the University of Wisconsin.  
To emphasize the importance of promoting beekeeping in Wisconsin as a profitable business pursuit, the university extends its endeavors to the beekeepers of the state, in addition to the instruction given the students in agriculture in classes.  
Wisconsin annually produces about 1,500 tons of choice honey, but the beekeeping industry has not advanced to the point of recognition as a distinct specialized branch of agriculture, although much of the undeveloped land in Wisconsin and most of the present cultivated land is not occupied as bee pasture, a majority of it offers opportunity for excellent bee "locations."

Save Your Cash and Your Health

**HILL'S CASCARA QUININE**

The standard cold cure for 30 years—in tablet form—safe, sure, no opiates—cures cold in 24 hours—grip in 3 days—Money back if it fails. Get the genuine one with Red Cross seal and Mr. Hill's picture on it.

Coughs, colds, fever, sore throat, influenza, etc., cured.

Miss Buelah Meredith underwent an operation at the Sexton sanitarium this morning.  
A daughter has been born to the wife of Robert Elliot. The baby has been named Lucille.  
A large crowd attended the Ed Perkins sale south of Rushville yesterday where good prices prevailed.  
Mrs. Wilbur Chance of Palomoth sister to Mrs. Walter Duke of this city, is seriously ill.

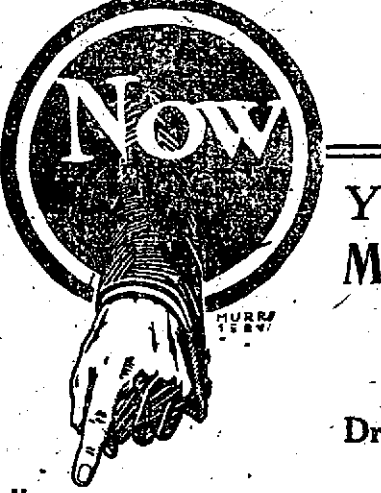

**When Itching Stops**

There is one safe, dependable treatment that relieves itching torture and skin irritation almost instantly and that cleanses and soothes the skin.  
Ask any druggist for a 35c or \$1 bottle of zemo and apply it as directed. Soon you will find that irritations, pimples, blackheads, eczema, blotches, ringworm and similar skin troubles will disappear.  
A little zemo, the penetrating, satisfying liquid, is all that is needed, for it banishes most skin eruptions and makes the skin soft, smooth and healthy.  
The E. W. Rose Co., Cleveland, O.

### County News

#### Glenwood

While cutting wood recently Chester Heyer was struck in the eye with a sharp splitter. He was taken immediately to Cincinnati for treatment and word has been received from the eye specialist that he will recover his sight.

Raymond Nesbit has returned to Ft. Thomas, Ky., after spending a short furlough with relatives here. Mr. and Mrs. Ralph Peck and son spent the week-end with Mr. and Mrs. N. P. Jones of Center township.

Thomas Reed has enlisted in the service and has gone to Columbus, O., where he will be examined.

Mr. and Mrs. A. P. Reynolds and family entertained Mr. and Mrs. E. B. Ruff at dinner Sunday.

Medville Gray of Indianapolis visited relatives here Monday.

Mrs. Anne Ochiltree will leave soon for a visit with Dr. and Mrs. Levering in Lafayette.

#### Manilla

Mrs. J. L. Webster is seriously ill. Mr. and Mrs. Oscar Jones of Indianapolis is visiting relatives in this city.

Mrs. John Green was a visitor in Indianapolis, Friday.

William Inlow of Rushville was a business visitor in this city Monday.

Harold Kessler is seriously ill.

M. L. Heaton and Fred Gross attended the county grocers meeting in Rushville Monday.

Mrs. Nettie Willis was the guest of friends in Rushville Monday.

The Liberty Guards hold regular meetings every Monday and Thursday evenings at the high school building.

Howard Clawson has been called to Raleigh by the serious illness of his father.

Miss Blanche Fox who has been seriously ill is improving.

#### Baltimore Chicken.

Cut up the well cleaned chicken into serving size pieces, roll in highly seasoned flour and put into a hot frying pan with two or three tablespoonfuls of olive or any sweet corn oil, brown then finish cooking slowly either on the stove or in the oven. Serve with corn fritters.

#### Potato Soup.

Cut five medium sized potatoes in cubes, slice an onion and three pieces of the outside of celery together and mash with a potato masher, put through a sieve and add a cupful of thin white sauce, using a tablespoonful of flour and a tablespoonful of butter cooked together, then a cupful of milk and seasonings of salt and pepper. This makes enough for four servings.

#### War Biscuits.

Take five ounces each of oatmeal and white cornmeal; three ounces each of butter and sugar, one teaspoonful of baking powder, and one egg. Melt the butter and work in the dry ingredients, roll as thin as possible and make into biscuits. Bake in a slow oven until a light brown.

#### Bread Cake.

Take two cupfuls of flour, a half teaspoonful of salt, two and a half teaspoonfuls of sugar, eight teaspoonfuls of baking powder, a half cupful of milk, a fourth of a cupful of water, and two tablespoonfuls of butter. Spread over the top, two and a half tablespoonfuls of flour, five tablespoonfuls of sugar, a teaspoonful of cinnamon, and four tablespoonfuls of oleomargarine or other butter substitute. Mix the ingredients and sprinkle over the top as it goes into the oven.

## OVERWORKED, TIRED WOMAN TOOK VINOL

Now She is Strong and Healthy

Philadelphia, Pa.—I was overworked, run down, nervous, could not eat or sleep. I felt like crying all the time. I tried different remedies without benefit. The doctor said it was a wonder I was alive, and when Vinol was given me I began to improve. I have taken eight bottles and am now strong and perfectly healthy in every respect, and have gained in weight. I can not praise Vinol enough. Mrs. Sarah A. Jones, 1025 Nevada St., Philadelphia, Pa. We guarantee Vinol to make overworked, weak women strong, or return your money. Formula on every bottle. This is your protection. H. A. Johnson & Co. Druggists, Rushville, Ind. 2811b.

### Thirty-Two Prizes Awarded At Mays Farmers Institute

The prizes awarded at the Mays Farmers Institute at the Mays Opera House February 1, have been made known by the secretary of the organization, Paul McDaniel. Thirty-two prizes were awarded in the various departments which was the largest prize list the institute has ever published.

The prize for the best ten ears of yellow corn were taken by Fred Jessup, Chase Keimer and Lowell Moffit and consisted of \$5.00, three hundred pounds of fertilizer and 125 pounds of fertilizer. The prizes of the same amounts were awarded for the ten best ears of white corn to Joseph Ostheimer, Earl Jones and N. P. Jones.

The prizes for the best single ear of any variety were awarded as follows: first prize, Frank Ernest; second prize, Ora Chance; third prize, E. G. Jones. Special prizes for the best single ears grown with Globe fertilizer were taken by Frank Ernest and Walter Rhoades.

Prizes for the best peck of potatoes, any variety, were taken by R. B. Rhodes and Frank Ernest.

In the domestic science department the prizes were as follows:

Yeast Bread, first prize, Mrs. Ida Clark and second prize, Mrs. Jeff Reddick.

Salt Rising bread; first prize, Mrs. J. P. McDonald; second prize, Mrs. Fannie Forbes.

Brown bread; first prize, Mrs. Ethel Kennedy; second prize, Miss Mable Webster.

Best pound of butter; first prize, Mrs. E. G. Jones; second prize, Mrs. Virgil McDaniel; third prize, Miss Mae Emay.

White cake; first prize, Mrs. Ruby Addison; second prize, Mrs. Walter Rhodes; third prize, Mrs. Earl Sears.

Dark cake; first prize, Mrs. Lena McDaniel; second prize, Mrs. Walter Rhodes.

Eggs, best appearing and most marketable; first prize, Mrs. W. W. Webster; second prize, Mrs. Roll Hansen.

#### Maybe So.

"Wonder why hot soda won't go like cold soda." "Not spectacular enough," suggested the druggist's friend. "It might go better if you could squirt steam into it from a fine nozzle."

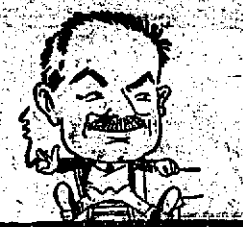

### Declares Cattlemen Facing Large Deficits—Government Alone Can Save Bankruptcy

Cattle feeding is a manufacturing business. The farm with its buildings and equipment is the plant. The steers' digestive apparatus is the machinery. Corn silage, cotton seed meal, straw, hay and fodder, the raw material to be converted into beef. So many pounds of corn, silage, cotton seed meal and forage passed through the machinery of a steer's digestion turns out 100 pounds of beef, the finished product, writes Wymond J. Beckett, in the Indianapolis Star.

The amount of feed, when properly combined, required for 100 pounds of gain, remains practically constant. The cost of feed known, the cost of 100 pounds of gain can be easily determined. This has been worked out at agricultural experiment stations, and on the farms of the country by actual demonstrations. Cost of beef is not absolute, but relative, depending wholly on the cost of feeds. The cost of 100 pounds of beef normally, bears a direct relation always to the cost of the feeds which enter into its production. Every business man understands that the cost of the raw material and the expense of operation determines the cost of production. These same items determine the cost of agricultural production. Then it should be comparatively easy to determine the cost of 100 pounds of beef and what it should sell for on the market to yield the farmer a reasonable profit for his labor and investment. Is the cattle feeder today getting even the cost price for his finished product? If not, why not?

### Enemy of the Dog Figures High Cost of Keeping Pet

A dog biter in New Hampshire stimulated by the campaign for food conservation, sharpened his pencil and this is what he figured. One person in 20 keeps a dog, that's 5,000,000 dogs. It costs ten cents a day to feed a dog, or \$36.50 a year for one, and \$182,000,000 per annum for all of them. With food at \$15 a barrel, this sum would buy 12,166,666 barrels of flour. If loaded 12 barrels to each motor truck, 1,000,000 trucks would be required to load this flour in one time, and they would make a procession 2,222 miles in length. The figures seem to be all right and unquestionably impressive, but a who can estimate the heart pang and personal loss of \$182,000,000 a year if deprived of their dog? (Continued on Page 6.)

## Grandpa Is Sixty-four Today

and in the best of health. Hale and hearty, with good red blood, good appetite and good digestion. Grandpa's nerves are steady, too. He takes care of himself. He keeps himself fit. He sees to it that his nerves and blood are in good shape. When he finds that he is eating without relish, feeling a little depressed and cross, sleepy all day yet can not sleep at night, he begins his treatment of Bio-feren, the nerve and blood tonic. Bio-feren, a compound of Lactogen, Iron, Potassium and other valuable tonic elements in tablet form, is just exactly what the average tired business man, the average housekeeper needs at this season of the year. It tones the nerves and puts vigor and energy into the system. There is no mystery about Bio-feren. Every package shows just exactly the content. Ask your doctor about Bio-feren, or, if you wish, send him his name and we will forward him the complete formula. Give Bio-feren a fair trial. If it don't make good your money will be pleasantly returned to you. Interesting booklet will be mailed you on request. Large package \$1.00 at all good druggists or direct if your druggist don't handle it. The Sentinel Remedies Co., Cincinnati, Ohio.

## DEEPER IN DEBT AT NO ALIEN ENEMIES BEGINNING OF YEAR LIVE IN RUSHVILLE

Rush County People Borrow More on Mortgages and Liens Than They Pay Off in 1917

THE BALANCE IS \$34,003

Annual Report of County Recorder Shows 612 Filed as Against 580 Satisfied

Rush county people were \$34,003 deeper in debt at the beginning of this year than they were a year ago. This is what the annual statistical report of the county recorder, Chester Peck, just completed, reveals. The report has been forwarded to the state authorities in Indianapolis. It shows that 612 mortgages of all kinds, with total considerations of \$1,945,686 were filed during the year 1917 and that 580 mortgages of all kinds, with total considerations of \$1,001,683, were satisfied during the year.

There were 638 deeds of all kinds filed in the recorder's office during the year. Of this number 635 were warranty and quit claim deeds, with total considerations of \$1,917,015. Out of this number 172 were only \$1 considerations.

Among the lot were two sheriff's deeds in which the total considerations were \$998. There was one auditor's deed with a consideration of \$11.

There were 231 mortgages on farms and land not in cities and towns of the county filed during the year and their value was \$829,018. Three hundred and four mortgages of this class were satisfied during the year and \$759,188 was required to pay them off.

Mortgages filed on lots and other city and town property in 1917 numbered 134 and were valued at \$117,231. The sum of \$136,390 was required to satisfy the 151 mortgages of this kind which were paid off.

There were eleven school fund mortgages filed during the year, with a combined value of \$11,116 and nine were satisfied with a value of \$10,851.

The number of chattel mortgages filed was 160 and their value was \$75,182. Ninety-six mortgages of this class were satisfied and \$64,318 was required to pay them off.

Liens filed during the year numbered seventy-six and their value was \$13,139. Twenty were satisfied at a combined value of \$4,936.

None Have Registered at Local Post Office, According to Postmaster G. P. Hunt

MAY LIVE IN OUT TOWNSHIP

None of the 10,000 alien enemies in Indiana who are to register this week are in the territory of the local postoffice, to the knowledge of Postmaster G. P. Hunt, although some may register at the other postoffices over the county. The week has been set apart all over the country when alien enemies are to register, in cities over 5,000 under the police force and in towns under that size through the postoffice. Four alien enemies were found through the questionnaires, but none of them lived in Rushville. Two it is thought, lived in Carthage and two are outside of the state at present.

Alien enemies, over 14 years of age, must register before Saturday night. The work of registration is being conducted in every city and town in the state. The greatest amount of work in connection with it will be in Fort Wayne, Evansville, Indianapolis and Lake county where there are large German settlements. Within a few days after the registration, cards will be given as in the registration for military service.

Each applicant is required to produce four photographs of himself. The alien must fill out an affidavit in triplicate answering 17 sets of questions and a description of the person will be made by the registrar. The state council of defense is co-operating in the work.

## FORMER SURVEYOR AT WASHINGTON D. C.

Herman Kinnett Transferred From Jefferson Barracks to Eastern Cantonment

PLEASED WITH THE LOCATION

Herman Kinnett, former deputy surveyor for Rush county who enlisted about six weeks ago in the engineering corps has been transferred from Jefferson barracks, Mo., to Washington Barracks, D. C.

The young engineer, who was a former Purdue student, writes enthusiastically of his new location and is well pleased with his present surroundings. Kinnett enlisted in the twenty-third regiment but because of the fact that it was already over recruited and was making preparations to go across at an early date, he was transferred to the replacement regiment, the members of which are used to fill any vacancies regiments of engineers.

"All of the government buildings are heavily guarded," asserted Kinnett, "and no one can enter them without a pass with the exception of soldiers and sailors. Large parties from our barracks go on week-end trips to the city and visit many places of interest."

## NEW REGULATIONS RECEIVED BY AGENT

Men Enlisted in Public Service Reserve Must Sign Another Set of Papers

SEVERAL HAVE ENLISTED

A. L. Stewart, county enrolling agent for the Public Service Reserve has been notified that the men who have signed up for government work must make out another set of papers, so Director Stewart has asked that all of the men who wish to enter this branch of government work and who have already completed one set of papers call at his office in the court house and sign the newly issued enrolling cards.

Between twenty-five and thirty men from Rush county have enlisted in the Public service reserve and are awaiting a call. An inspector will examine the applicants for the various departments of the reserve at the court house some time before they are called for service.
